## SURFACE WATER TESTING LOG

Name of operation:

Please see the food safety plan for overall information on surface water testing. Save any document providing information on test methods and test results from your laboratory.

| Date | Surface water<br>location/name | Laboratory | Results | Corrective actions if necessary | Initials |
|------|--------------------------------|------------|---------|---------------------------------|----------|
|      |                                |            |         |                                 |          |
|      |                                |            |         |                                 |          |
|      |                                |            |         |                                 |          |
|      |                                |            |         |                                 |          |
|      |                                |            |         |                                 |          |
|      |                                |            |         |                                 |          |
|      |                                |            |         |                                 |          |
|      |                                |            |         |                                 |          |
|      |                                |            |         |                                 |          |
|      |                                |            |         |                                 |          |
|      |                                |            |         |                                 |          |
